

*"I WANT TO
CREATE A
FREEHOLD
LEGACY **IN** MY
OWN **SPACE**."*

Entrepreneur

FREEHOLD | BUSINESS ONE

NEW INDUSTRIAL ROAD

INSPACE

*"I AM **INSPIRED** TO
REACH FOR MY
DREAMS."*

Aspiring Business Owner

INSPACE is a rare investment opportunity – a prime strata-titled freehold B1 space. Complete with recreational facilities and social amenities, it is a space designed to cater for the new wave of businesses. Its modern, timeless architecture captures the spaciousness that the 84 units provide. **24 New Industrial Road** is set to be your next **IN**spiring business address.

DEVELOPMENT INSIGHTS

Freehold | Island-wide connectivity | Strategically located near to various growth areas and business hubs |
Close proximity to malls and eateries | Sheltered carpark space | Direct vehicular access to every unit |
Column-free layout with high floor to ceiling height | Holistic facilities at rooftop Courtyard

INSPACE

Artist's Impression

*"BEING **INTERCONNECTED** WITH ALL THE GROWTH AREAS ON THE ISLAND, NOW THAT'S MY KIND OF CENTRAL."*

Logistics Business Owner

TRAVEL

- In close proximity to 2 MRT stations –
Bartley and Tai Seng (Circle Line)
- Close to 3 expressways –
PIE, CTE and KPE
- 5-min drive to Paya Lebar Central
- 5-min drive to NEX Mall and
Serangoon MRT interchange
- 15-min drive to Changi International Airport
- 15-min drive to Central Business District

LEISURE

- NEX Mall, Heartland Mall, Breadtalk IHQ,
Paya Lebar Square, Singpost Centre and
Woodleigh Mall (under construction)

- Singapore Sports Hub
- Kallang Riverside Park

FUTURE GROWTH AREAS

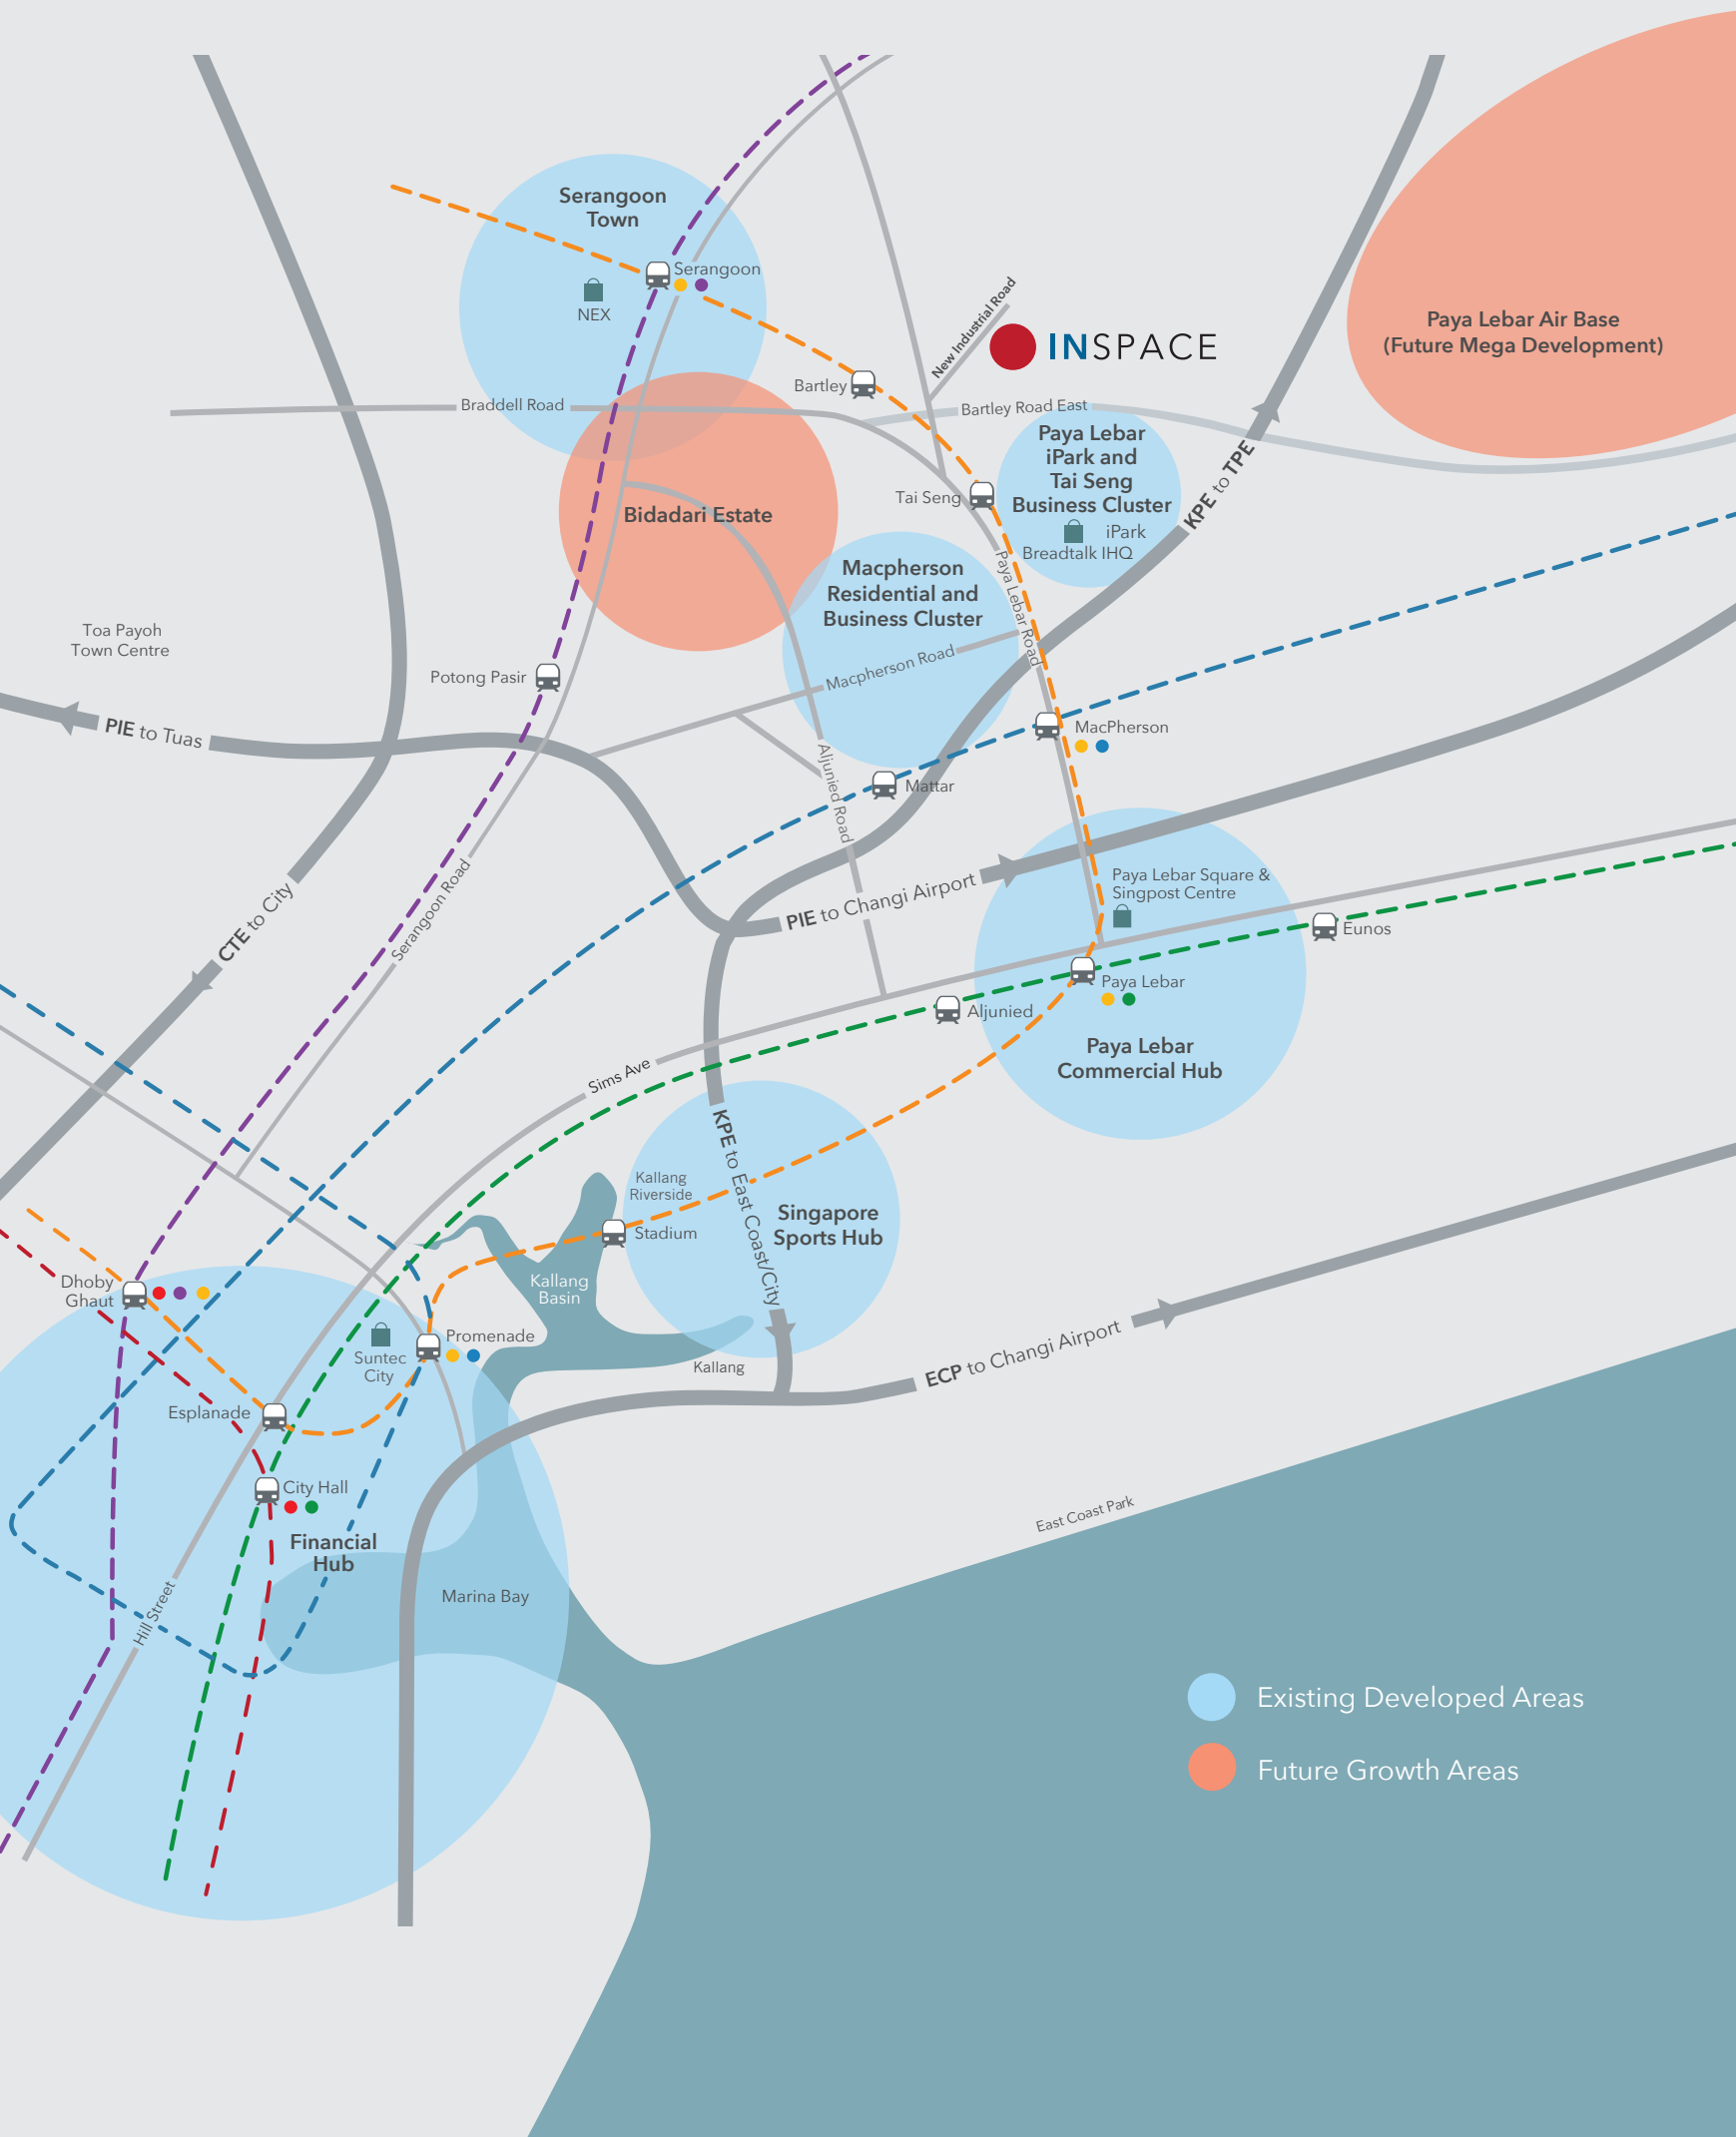

Exciting developments up and coming at

Paya Lebar Air Base

- 800ha of land – bigger than Bishan or
Ang Mo Kio – for future mega development
- A hub for new living environments and
new communities

Bidadari taking shape

- A Market Square that incorporates a mixed
commercial and residential cluster
- High population density providing huge
employment capital to tap on

*"THE RANGE OF
INCREDIBLE SPACES
GIVES ME THE
FLEXIBILITY TO
CHOOSE THE ONE
MOST SUITED
TO MY NEEDS."*

Data Solution Business Owner

INSPACE is built around 4 uniquely designed unit layouts that work towards maximising flexibility in your business set up. Much like the maximum amount of natural light pouring in from the large windows, the high volume of internal space allows for a maximisation of your operational needs. With a vantage view from the mezzanine floor, you will be able to better control your work flow and increase efficiency.

GRAND SUITE

Provides the possibility of having a grand frontage accessible to public

TYPICAL SUITE

Allows room for flexibility of use

FLEXI SUITE

Offers secondary exit from the unit

COURTYARD SUITE

Enjoy direct access to the Courtyard from the 8th Storey

Fire Protection System provided in accordance with statutory requirements.

18. Car Park Barrier System

Vehicle Car Park Barrier with entry barrier system equipped with Electronic Pricing System capable of reading and deducting carpark fee from the IU unit.

19. Floor Loading

Area	Floor Loading (kN/m2)
Production Units	10
Ancillary Office	7.5
Driveway / Ramp	10
Roof Garden	5
Lift Lobby / Corridors	5
Toilet	2.5
A/C Ledge	4

Notes to Specifications

A. Marble/Compressed Marble/Limestone/Granite

Marble/compressed marble/limestone/granite are natural stone materials containing veins with tonality differences. There will be colour and marking caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble/compressed marble/limestone/granite as well as non-uniformity between pieces cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However, granite, being a much harder material than marble, cannot be re-polished after installation. Hence, some differences may be felt at the joints.

B. Television and/or Internet Access

The Purchaser is liable to pay annual fee, subscription fee and such other fees to the television and/or internet service providers or any

other relevant party or any relevant authorities. The Vendor is not responsible to make arrangements with any of the said parties for the service connection for their respective channels and/or internet access.

C. Materials, Fittings, Equipment, Finishes, Installation and Appliances

The brand, colour and model as specified for all materials, fittings, equipment, finishes, installations and appliances to be supplied shall be provided subject to the Architect's selection and market availability.

D. Layout/Location of Electrical Points, Television Points, Telecommunication Points, Door Swing Positions and Plaster Ceiling Boards

Layout/Location of electrical points, television points, door swing positions and plaster ceiling boards are subject to the Architect's final decision and design.

E. Warranties

Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/or appliances installed by the Vendor at the Property, the Vendor will assign to the Purchaser such warranties at the time where vacant possession of the Property is delivered to the Purchaser.

F. False Ceiling

The false ceiling space provision allows for the optimal function and installation of M&E services. Access panels are allocated for ease of maintenance access to concealed M&E equipment for regular cleaning purposes. Where removal of equipment is needed, ceiling works will be required. Location of false ceiling is subject to the Architect's sole discretion and design.

G. Glass

Glass is manufactured material that is not 100% pure. Invisible nickel sulphide impurities may cause spontaneous glass breakage, which may occur in all glass by all manufacturers. The Purchaser is recommended to take up home insurance covering glass breakage to cover this possible event.

H. Mechanical Ventilation System

Mechanical Ventilation fans and ducting are provided to areas which are not naturally ventilated. To ensure good working condition of the mechanical ventilation system, the mechanical ventilation system for the exhaust system within areas (where applicable) is to be maintained by the Purchaser on a regular basis.

I. Wall

All wall tiled finishes shall be terminated at false ceiling level.

J. Internet Access

If the Purchaser requires internet access, the Purchaser will have to make direct arrangements with the Internet Service Provider and/or such relevant entities/authorities for internet services to the Unit and to make all necessary payments to the Internet Service Provider and/or the relevant entities/authorities.
