ZYON GRAND

INSPIRED BY THE ART OF IKEBANA

Soaring 62 storeys high, the iconic twin-tower residence of ZYON GRAND is set to transform into a new icon near Singapore's coveted River Valley precinct. Petaline eaves wrap around the towers, blooming at the crown. Elegant and evocative, like floral centrepieces in the sky.

AN ICON BEYOND COMPARE

Designed by world-renowned Japanese architecture firm Nikken Sekkei in collaboration with ADDP Architects LLP, ZYON GRAND is an unrivalled integrated development crowned by two stunning residential towers infused with Japanese sensibility and refinement.

Amongst the tallest towers in the district, they rise as iconic beacons on Singapore's skyline, offering unparalleled views of Marina Bay and Sentosa. Like a flower that transforms – and in doing so, transforms its surroundings – ZYON GRAND transcends the ordinary, elevating urban living into an extraordinary experience.

A defining vision of Nikken Sekkei, ZYON GRAND is the latest in a portfolio of iconic projects around the world, which includes the Singapore Rail Corridor Master Plan, Tokyo Skytree (Japan) and One Za'abeel (Dubai).

AN UNRIVALLED INTEGRATED DEVELOPMENT

The only integrated development directly linked to Havelock MRT station, ZYON GRAND is a truly unrivalled residence that brings together luxury homes, restaurants (F&B) and supermarket, an early childhood development centre, and Singapore's first long-stay serviced apartments. Jointly developed by CDL and Mitsui Fudosan, it is set to become the district's most definitive landmark. Prestige, convenience, connectivity, and liveability – ZYON GRAND has it all.

UNPARALLELED VIEWS OF MARINA BAY AND SENTOSA

Taking prime position in a prestigious enclave undergoing revitalisation, ZYON GRAND stands at the heart of what is fast becoming the city's new focal point. Located near the River Valley precinct, ZYON GRAND offers a life that is more vibrant, more liveable, and more lovable – ideal for families and the discerning alike.

With character and charm, and now even better connected by the Thomson–East Coast MRT Line, this locale opens up new possibilities for growth. Just a stone's throw from the tranquillity of the Singapore River, it is mere minutes by train – two stops to Orchard, three to Shenton Way, four to Marina Bay.

Here, the city unfolds before you. From selected residences, enjoy captivating views – some overlooking the downtown skyline, others framing Marina Bay Sands or Sentosa beyond. A home in every sense, with the city's best always within reach.

GREEN FEATURES

ZYON GRAND has been awarded the **BCA Green Mark 2021 Platinum Super Low Energy** certification, with **Health & Wellbeing, Whole Life Carbon and Maintainability** badges attained. These accolades reflect the thoughtful integration of green features – from energy-efficient design and sustainable materials to smart systems – that together elevate the development's sustainability and liveability.

ENERGY-EFFICIENT FEATURES

All residential units come with energy-efficient air-conditioning systems.

Energy-efficient lighting design with use of LED lighting and motion sensors at common areas.

Energy-efficient lifts with regenerative drive, VVVF (variable voltage variable frequency) drive and sleep function mode.

WHOLE LIFE CARBON

Whole Life Carbon looks at the total carbon impact of a building – from construction to daily use.

ZYON GRAND is thoughtfully designed to reduce the carbon impact of construction, showing a strong commitment to a greener future.

This is achieved through smarter design choices, careful selection of materials, and building methods that minimise waste and pollution.

More than half of the total floor area is built using Prefabricated Prefinished Volumetric Construction (PPVC), which improves efficiency and reduces waste.

The use of certified sustainable materials endorsed by the Singapore Green Building Council, ensures proven credibility and environmental responsibility.

ENERGY-EFFICIENT DESIGN

Building orientation enhances natural ventilation in the common areas and residential units.

Building façade designed to reduce solar heat gain.

Residential units have deep recessed balconies and/or deep horizontal ledges which provide shade for the interiors.

Porous building design allows comfortable airflow throughout the development.

HEALTH & WELLBEING

Use of environmentally friendly and sustainable materials certified by approved local certification bodies.

Low Volatile Organic Compounds (VOC) paints for all internal walls to ensure healthy indoor air quality.

Landscaped podium and water features reduce urban heat build-up, creating a cooler, more comfortable environment.

Provision of bicycle parking lots to promote green mobility and active lifestyles.

Smart home with smart community system for residents' comfort and convenience.

NEW FUTURA

Mitsui Fudosan has its origins in Echigo-ya, a clothing store opened in 1673 in what is now the Nihonbashi district of Tokyo. In 1941, the real estate division of Mitsui Company was separated from the parent company and Mitsui Fudosan Co., Ltd. was established.

Today, Mitsui Fudosan Group is Japan's largest real estate developer with a history of innovation that has kept it at the forefront of the real estate industry. Throughout the years, Mitsui Fudosan was responsible for the sponsorship of Japan's first REIT, the development of Japan's first factory outlet, Japan's first regional shopping mall, and first office skyscraper.

As an all-rounded property industry player, Mitsui Fudosan Group is providing solutions and services in a wide range of business areas, including office buildings, commercial facilities, hotels and resorts, logistics, and housing. About Mitsui Fudosan Group's Overseas Strategy, the group has been operating in major cities in North America, Europe, China, Taiwan, Southeast Asia, India, and Australia. Mitsui Fudosan's long-term plan, "8 INNOVATION 2030" formulated in April 2024, aims to achieve robust growth in overseas business.
